I had a name but not a sense of who I was; SGT helped me develop that sense by defining me as a psychologist. After completing both my undergraduate and graduate degrees at FBSS, I not only have a deeper understanding of my field but also a more flexible mindset that helps me adapt to new circumstances with ease. I'll say it here: The teachers here offer everything. They supported us throughout. I'd like to express my gratitude to every single teacher who has ever been or is currently a part of FBSS. Thank you

Richa Dhingra

I gained a lot of knowledge throughout my two years at SGT University. I've learned plenty. I felt that I had the best possible learning atmosphere, and I really appreciate the faculty. I really enjoyed how the professors engaged with the students
