ABOUT FACULTY OF INDIAN MEDICAL SYSTEM

The Faculty of Indian Medical System at SGT University was established in 2015 with an intake capacity of 100 seats, filled through counseling by Shri Krishna Ayush University. The college is facilitated by a teaching hospital and explicit services are offered through Panchakarma and Ksharasutra centers, a wellness center, an herbal garden, and well-equipped subject-specific laboratories.

WHAT MAKES US STAND OUT?

- 1. Academic Excellence:** Educating future and current Ayurveda healthcare professionals and scientists based on the highest standards of excellence and principles of lifelong learning.
- 2. Diversity and Inclusion:** Students get a chance to work and interact with people from all over the country, and the knowledge and diverse perspectives available contribute significantly to their growth.
- 3. Research and Innovation:** The faculty has applied for extramural grants from sponsoring bodies like DST/SERB, the Ministry of AYUSH, ICMR, NCISM, and NMPB and has received grants for five intramural-sponsored projects.
- 4. Career Service and Industry Partnerships:** Faculty provides 100% placement assistance to eligible candidates through industry mentors in the form of mock interviews, industrial visits, workshops, industrial internships, bootcamps, and networking events with potential employers. Aligning students with industry requirements for placements and providing them with career services is supervised by CRC.

CAREER OPPORTUNITIES

• There are many employment areas where an Ayurveda graduate can make a career:

Government and private Ayurveda hospitals | Pharma industry | Medical tourism | Health resorts | Dispensaries

Panchakarma centres | JRF (Junior Research Fellow) and SRF (Senior Research Fellow) in various institutions

Ayurvedic Medical Officer

(CHO)

Being a student of the very first batch of BAMS at this university, I saw the Faculty of Indian Medical System evolve towards a better future for students. The professors here were always available to assist me with any questions I had about my studies, practice, or even career advice. This helped me plan my future, and they constantly encouraged me to improve both as a person and a doctor

Dr. Parul Sharma

The faculty gave us a solid curriculum with carefully planned units so that we could finish the course material effectively. Due to COVID-19, we experienced a severe lack of social activities, but our educators made a sincere effort to make up for this by offering us a large number of online webinars and classes
